SUMMARY

I am a Junior Fullstack Developer with hands-on experience in React, Express, TypeScript, and database management. Currently completing my degree in Software Engineering, I am passionate about expanding my technical skills and advancing my career in software development. Additionally, I bring valuable experience in marketing, which has enhanced my ability to approach projects with a broad perspective. I am eager to further develop my expertise and contribute to dynamic and innovative teams.

PROFESSIONAL EXPERIENCE

IT INTERNSHIP

Lupalina 01/2024 - 10/2024

I actively assisted the team in the development of the company's website, ensuring its design and functionality aligned with project goals. Additionally, I contributed to integrating the TOTVS system into our project on PowerBI to enhance data management and analytics. This integration was achieved through a REST API that I developed, which facilitated seamless data transfer and improved the overall efficiency of data handling. My work on this integration played a crucial role in streamlining operations and providing valuable insights for better decision-making within the company.

Developer Internship

Infoativa 10/2024 - Today

I played a key role in the development and ongoing maintenance of a chatbot, ensuring it remained free of bugs and fully functional. This was achieved through the integration of the public WhatsApp Web API into our React-based project. My contributions included troubleshooting, optimizing performance, and ensuring seamless communication between the API and the frontend application. I worked collaboratively with the team to ensure the chatbot met all requirements and provided a smooth user experience.

TECHNOLOGIES

React / Javascript	Databases	Typescript
Node.JS / Express	Git/Github	API Development
HTML5 / CSS3	Scrum/Kanban	AWS Cloud

PORTFOLIO

My projects are on detail via this link: https://portfolio-git-main-pedromoitinhos-projects.vercel.app/

EDUCATION

Bachelor's degree in Software Engineering | UNIFAN / Nobre University Center (8.75/10)
Graduation: 06/27 (Expected)

COURSEWORK / BOOTCAMP

UDEMY 2024 - The Complete 2024 Web Development Bootcamp

https://www.udemy.com/certificate/UC-dfab14b3-600e-4fc5-83eb-51b1a129ddda/

- From basic to advanced web development skills
- Database
- APIS
- Cybersecurity

LANGUAGES

English - Advanced
Portuguese - Fluent
